

I, Kalim Ahmad Siddiqi, father of Arhaan Ahmad, who is a student of 3 year classroom programme of 2018-2021 Batch of FIITJEE Meerut Centre, convey my heartfelt thanks to FIITJEE Meerut Team for their contribution towards preparation of ^{my}son for JEE (Mains & Advanced) 2021, KVPY, NTSE & olympiads

During COVID-19 pandemic, when the entire world came to a standstill, career of every student was at risk, FIITJEE, without wasting any time, switched over to online mode of teaching. Their faculty and other support staff rose to the situation and got themselves well equipped for the online mode of teaching.

Online tests conducted by Mypat also boost the confidence of a student.

Through AITS a student can know his/her position at all India level.

Their teaching methodology, exam-pattern, doubt clearing, AMP, RTPF and review classes are very helpful for JEE Advanced. During this period my ward has qualified NSEJS, INAO-J, NTSE, stage-2, Regional Mathematics Olympiad, physics olympiad, chemistry olympiad, INAO (AIR-9) and KVPY (AIR-14).
